

PPP PROJECT

"Construction of a bypass road in Uzgen, Osh region"

Description of the project

The project provides for the construction and operation of a road to bypass the city of Uzgen with a length of 5.3 km to 13 km (depending on the proposed options).

Option 1 (12.75 km): US \$ 15.3 million preliminary;

Option 2 (11.3 km): US \$ 13.4 million technically the most optimal;

Option 3 (5.3 km): US \$ 6.4 million preliminary;

Option 4 (6 km): USD 8-9 million tentatively.

Key indicators

- Road maintenance - USD 5,000 km per year;
- Average daily traffic (ADT): 5787 cars (4641) cars and 1146 trucks, which is 50% of the existing total ADT on the Bishkek and Osh road;
- Taking into account the growth of ADT - 5% per year.
